Introduction

The South Australian Sports Institute (SASI) is a division of the Office for Recreation, Sport and Racing (ORSR) and is the Government of South Australia's leading program and servicing agency for the identification, development and support of talented and elite athletes.

SASI provides services and support to talented and high performance athletes and coaches who are committed to taking their ability to the highest international levels in a sport and discipline and classification represented at the Olympic, Winter Olympic, Paralympic or Commonwealth Games.

These guidelines set out the funding requirements for the High Performance Athlete Program (HPAP), formerly known as the SASI Individual Athlete Program (SASI IAP). The program has since combined the Country Athlete Award, which previously had separate eligibility criteria. All applicants now adhere to the same eligibility criteria under the HPAP.

ORSR is responsible for administering the program.

Objectives

HPAP is aligned with the [SASI 2032 High Performance Strategy](#) to nurture a rich talent pipeline and to identify, develop and support South Australia's best to win the right way.

HPAP is aimed at athletes engaged in a comprehensive program of intensive training and international competition in a sport, discipline and classification represented at the Olympic, Paralympic or Commonwealth Games.

Applications close	Midday, Tuesday 16 December 2025

Eligibility screening

ORSR conducts a preliminary assessment of all applications ensuring that the following criteria are met:

- The applicant is eligible to apply, and
- The application has been submitted, and all mandatory questions have been answered (incomplete applications may be deemed ineligible).

If an application fails to pass eligibility screening, the applicant will be contacted via email, using the details provided in the application. The online application form will be reopened for the applicant to update and resubmit.

If an application is not resubmitted by the date that is requested by ORSR or the Funding Assessment Committee, ORSR will use the latest submitted version for eligibility screening and assessment.

Funding Assessment Committee

The ORSR Chief Executive appoints the members of the Funding Assessment Committee. The Funding Assessment Committee is comprised of officers from across ORSR.

ORSR recognises that conflicts of interest may arise with staff, technical experts, and others assessing the applications and forming recommendations. All employees of the Government of South Australia must comply with:

- The Code of Ethics of the South Australian Public Sector issued under the *Public Sector Act 2009* (SA).
- Public Sector (Honesty and Accountability) Regulations 2010 (SA).

The assessment processes within ORSR are additionally governed by the following:

- Interests Management Policy.
- Grant Management Policy and Procedures.

Assessment against principles

The Funding Assessment Committee assess all applications.

Where an application is deemed eligible, the Funding Assessment Committee will take into consideration the following:

- Performance achievements of the applicant, including their demonstrated potential for selection to the next national team for the international benchmark event relevant to their age, e.g. Senior/U23/Junior World Championships.
- The athlete's potential to transition into a SASI sport program or Individual Athlete Scholarship.

- The athlete's ability to remain competitively active in their sport throughout the funding period or participate in a planned rehabilitation program (if necessary).

NSOs/SSOs may be consulted during the assessment process.

The Funding Assessment Committee will assess the application against the relative merits of other applications in meeting the assessment principles.

The Funding Assessment Committee may request additional information during the Committee's sitting period.

Please note, satisfying the assessment principles alone does not guarantee the receipt of funding.

It is anticipated that the number of eligible applications and funds sought will exceed the funds available and therefore ORSR does not guarantee applicants will be successful.

Recommendation

Once the assessment is completed, the Funding Assessment Committee will provide funding recommendations to the ORSR Chief Executive for consideration.

Final approval

The Minister for Recreation, Sport and Racing will provide final approval.

Notification

All applicants will be notified of the outcome of their grant application.

Unsuccessful applications

All unsuccessful applicants will receive notification through SmartyGrants.

Successful applications

Grant agreement

Successful applicants (grantees) will be sent a Grant Offer detailing the terms and conditions of the funding.

Effective from 1 January 2019, public authorities are required to use the standard funding agreements. For HPAP, the Low Value grant agreement will be used. For more information regarding the grant agreements [click here](#).

Grantees will have at least 14 days from the date of a written offer to execute a grant agreement with ORSR ('execute' means both the applicant and ORSR have signed the agreement). The offer may lapse if both parties do not execute the grant agreement within the specified timeframe.

Approval of grant funding is based on information provided within the application. Any changes to details may be reviewed to consider any potential impacts.

An approval may have specific conditions that have been determined through the assessment process. Any such details will be specified in the grant offer.

Payment

Payment of grant funding will be made in accordance with the terms and conditions of the grant agreement.

Approved grant funding will be transferred electronically into the Australian bank account nominated within the application.

Should a successful applicant become overdue with any obligations, reporting or acquittals, payments may be placed on hold until those are met.

Monitoring and compliance

All grantees will be required to:

- only use the funding for eligible costs as detailed within the grant agreement.
- comply with the relevant laws in force in South Australia.
- comply with the reporting and acquittal requirements of the grant agreement. Failure to comply may result in ORSR grant payments being suspended and/or the individual no longer being eligible to receive ORSR funding or being required to return the grant, or part thereof.
- submit financial reports and other required documentation in line with the grant agreement. The amount of detail required in reports/documentation will be proportionate to the grant amount.
- Comply with the other terms and conditions in the grant agreement.
- Contact ORSR immediately when becoming aware of a breach of terms and conditions of the grant agreement.

Grant agreement variations and extensions

Unexpected events may delay the expenditure of the grant. In these circumstances, grantees can request a variation to the expiry date of the grant agreement. Any request must be submitted through SmartyGrants. Requests may require the following details:

- The reason and justification for the variation.
- Timeframe implications.

If an extension request is submitted, ORSR reserves the right to approve or decline the request. In some circumstances ORSR may approve a more appropriate extension date.

To seek a variation, email ORSR.Grants@sa.gov.au with your application identification number and ORSR will forward a variation request form to complete on SmartyGrants.

HPAP does not allow for an increase to the agreed amount of grant funds as established in the grant agreement.

Acquitting a grant

Upon expending the grant, grantees will be required to acquit the grant through SmartyGrants. Grant acquittal requirements will be outlined in the grant agreement. These requirements may include:

- Providing a detailed breakdown of goods and services the grant was spent on, including descriptions and amounts.
- Certification that the statements made in the acquittal are true and correct.
- Identifying if the grant has achieved the program objectives.

Other information

Grants and Goods and Services Tax (GST)

It is recommended that applicants seek independent legal and financial advice to determine all taxation obligations before applying.

Successful applicants registered for GST will have their grant grossed up by 10% to offset GST payable on the grant.

Individuals that are not registered for the GST will not have the grant grossed up. Grantees cannot have the grant agreement transferred to another individual or body based on GST registration.

Also note, from 1 July 2017, government entities at the federal, state, territory and local levels report the grants they pay to people or organisations with an ABN to the ATO.
