

How to step up Mentimeter

To create a Mentimeter account, visit the [Mentimeter website](#) and sign up using your Google, Microsoft, or email account. To create a quiz, go to your account, click "New Mentimeter," then "Start from scratch" or use a template, and select the "Quiz Competition" slide type from the available options. Add your question, provide answer options, set the time limit, and customize scoring.

Creating a Mentimeter Account

1. Go to the Sign Up Page: Navigate to the [Mentimeter website](#).
2. Choose a Sign-Up Method: Select one of the options:
 - Google: Sign up using your Google account.
 - Microsoft: Sign up with your Microsoft account.
 - Email & Password: Enter your email, create a password (at least 8 characters), and provide your first and last name.
3. Complete Sign Up: Press "Sign up" to create your free account.

Creating a Quiz in Mentimeter

1. Log In and Start New Presentation: Log into your account and click the "New Mentimeter" button.
2. Choose a Starting Point: Select "Start from scratch" to build your quiz from a blank slate, or browse the templates for a pre-made structure.
3. Add a Quiz Slide: In the editor, click the "Add slide" button and select the "Quiz Competition" option.
4. Add Your Question: Type your question into the designated area on the slide.
5. Provide Answer Options: Add the possible answers for your quiz questions.
6. Customize Quiz Settings: In the Edit tab, you can:
 - Set a time limit: Adjust the "Seconds to answer" for each question.
 - Configure scoring: Choose to award more points for faster correct answers or a flat score for all correct answers.
 - Add music: Enable quiz music and select from a variety of tracks.
7. Present Your Quiz: Click the "present" button to start the quiz for your audience.
8. Audience Participation: Participants can join by visiting [mentimeter.com](#) and entering the unique code or scanning the QR code displayed at the top of the presenter's screen.
